## Determination of Patent Term Adjustment under 35 U.S.C. 154 (b) (application filed on or after May 29, 2000)

The patent term adjustment to date is 0 days. If the issue fee is paid on the date that is three months after the mailing date of this notice and the patent issues on the Tuesday before the date that is 28 weeks (six and a half months) after the mailing date of this notice, the term adjustment will be 0 days.

If a continued prosecution application (CPA) was filed in the above-identified application, the filing date that determines patent term adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) system. (<http://pair.uspto.gov>)

Any questions regarding the patent term extension or adjustment determination should be directed to the Office of Patent Legal Administration at (703)305-1383.

## Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

With regard to claims 14-18, the prior art of record fails to anticipate or make obvious the combination of a sheet of material and the apparatus to cut a graphics area at the perimeter thereof from the sheet of material. The MPEP, see Section 2111.02, clearly sets forth cases wherein the preamble limits the structure of the claimed invention; particularly, in situations that require specific type workpieces for the apparatus to perform correctly, that is, the apparatus is intended to perform a specific task based upon a specific type workpiece not all types workpieces. Therefore, the patentability in this case is measured on the combination of the apparatus suited for use with the workpiece. The specific type workpiece, in this case is a sheet of material with a plurality of registration marks at and around the graphics area to be cut from the sheet of material, wherein the sensing means of the apparatus detects the locations of the registration marks surrounding the graphics area and communicates said locations to the cutting means so that cutting around the periphery of the graphics area is controlled. Claim 14 further requires in combination of the above said structure a reference feature identifier means for determining a coordinate region of the reference features if the reference features are not in an expected coordinate region on the sheet receiving surface and also senses the metrics of the reference features in order to infer the approximate positions for the registration marks.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
